

## Canada Basketball and Basketball PEI Present Center for Performance Program

The Centre for Performance program is a regional training centre concept intended to identify and develop elite-level Canadian basketball players at a young age. This nationally directed initiative is designed to teach individual offensive and team fundamentals while presenting aspects of sports science that are necessary to become a high level player and coach.

Canada Basketball has established six centres across Canada; British Columbia, Alberta, Prairie Region, Ontario, Quebec, and Atlantic Canada. With the support of the local provincial associations, the program provides a systematic, thorough and unified national approach to identify and develop outstanding junior basketball players in every province and territory in Canada.

Canada Basketball has provided Basketball PEI the opportunity to increase its participation (athletes & coaches) in the Atlantic Center for Performance Program. Athletes born in 1992-1995 (U15-U18) are eligible to apply. All those athletes and coaches interested in being considered for an opportunity to attend this elite Canada Basketball development program, are asked to fill out an application form and submit it to Basketball PEI by September 22nd.

Participation involves:

- Selected athletes must be available to attend training sessions held in New Brunswick and Prince Edward Island.
- The cost for the program is \$400 per athlete; this includes 60 hours of high performance training sessions and athlete clothing.
- Included in this fee is a \$200 deduction off the registration fee for the Basketball PEI Elite Development program, which includes 45 hours of training sessions over 3 weekends.
- Other items such as travel, accommodations and meals are not included.
- Selected athletes will have the opportunity to train with the best coaches in the Maritimes as well as Canada Basketball coaching staff.

The first training sessions for both the boys and girls groups, will be held in Moncton, NB during the month of October (not Thanksgiving weekend). Other training sessions / gym locations and times will be announced once athletes are selected.
